

ETRUX

ABOUT ETRUX

ETRUX is a vehicle conversion specialist and Business to Business (B2B) rental fleet operator.

Building on our experience in lightweight composites and advanced materials, we develop commercial vehicles that deliver enhanced payload and improved fuel efficiency. With a focus on increasing the robustness of business fleets, we aim to balance functionality with performance.

Our 100,000 sq. ft. state-of-the-art facility located in County Antrim houses the entire manufacturing process from design to manufacture, testing and delivery. At the forefront of design and technology, we have also formed partnerships within the commercial vehicle network that enables us to offer our customers a full 360° vehicle solution.

Working with both small and large organisations across the private and public sector, we are totally committed to manufacturing vehicles of the highest quality, whilst also retaining a competitive price. To support your business needs, we offer flexible finance options which include hire purchase, contract purchase, finance leasing, operating leases, contract hire and cash sales.

ETRUX VEHICLE CONVERSIONS

ETRUX offers a full range of high-quality conversions, full vehicle solutions and support to companies as they develop their fleets including Welfare Units, Temperature Controlled Vehicles and Luton Bodies.

Our ability to rethink and repurpose performance, space and functionality means that we can offer exceptional vehicle modifications and fit-out options that are truly bespoke. ETRUX's experience and capability in the application of precision engineering allows us to develop the modification and manufacture of vehicles that are not only best in class, but that outperform other contenders on the market.

Customers can choose which vehicle they would like modified dependent on end use, then specify any extras such as specialist interior solutions, extra seating, electronics, externally mounted devices and custom modifications to the bodywork.

ETRUX also provides a wide range of performance enhancing vehicle modifications and translates this in to all relevant legislation; offering some of the safest converted vehicles on the road without compromising on quality and affordability.

ETRUX VEHICLE RENTAL

With an ever-changing world, constant development of vehicle technology, legislation updates and economic factors mean flexible vehicle hire is becoming an even more popular choice for your business. At ETRUX, we offer vehicle hire for just one day or on a long-term flexible hire basis. Alternatively, you can choose to pay a fixed monthly rental with contracts ranging from three to 60 months.

Our rental fleet includes three specialist vehicles that combine durability and safety without compromising on quality.

Welfare Unit

Used by road crews, construction and utility companies, film crews and medics, the ETRUX Welfare Unit offers an effective mobile solution for a wide range of applications. With the option of accommodating up to seven people, it comes fitted with kitchen facilities, first aid kit and fire extinguisher as standard.

Temperature Controlled Vehicles

Used by food processing companies, food delivery firms and pharmaceutical distributors, each ETRUX refrigerated vehicle is fitted with a GAH fridge unit, high quality insulated panelling and effective non-diesel temperature control, with the option of freezing down to -25°C.

Luton Bodies

ETRUX's Luton van is both a stylish and reliable cargo mover offering one of the best vehicle payloads on the market. Ultra light with a low floor, every Luton van is fitted with a Dhollandia tail lift designed to save you time and maximise your business.

ETRUX VEHICLE SALES

At ETRUX we also offer our range of commercial vehicles for purchase, giving you full control of the asset. Vehicles can be purchased outright or financed, enabling our customers to spread the cost. Whether you are an owner-driver buying your first van or a national operator adding to your fleet, our specialist team will help you to make the right choice for your business. With a wide range of 12 month old vehicles in stock and new vehicles on order, contact our sales team today to discuss your requirements.
